## CAREER OBJECTIVE

I am a final-year IT student aiming to become a Frontend Developer. I seek hands-on project experience to improve coding, UI/UX thinking, and teamwork. With a passion for web development, I stay open to new technologies and always strive to build clean, user-friendly interfaces.

## WORK EXPERIENCE

JVB VIET NAM JOINT STOCK COMPANY 7/2024 - 12/2024

Front-End Intern

- Gained hands-on experience with HTML, CSS, JavaScript (ES6), ReactJS, Git, and RESTful APIs.
- Completed mini projects and exercises such as layout slicing, a calendar app, and a weather app.
- Participated in analyzing requirements, planning, coding, testing, and reporting for the final project.
